

# The New 'EVO' Series of Media Desks from MW Video

The Evo range of stand-alone, low cost, Media Workstation desks have been specifically designed to enhance the working environment for users of Professional Media Systems, such as Non-Linear Editing, Graphics Suites, Audio Suites, Post Production suites and other Media applications.

Evo is a 'Flat Pack' system available in a variety of stock configurations and finishes, frames are in Silver Black powder coated MDF and desk inserts are available in a choice of wood grain finishes and Nextel colours as shown below. A full range of accessories are available including under desk 19" Rack modules, CPU holders etc.

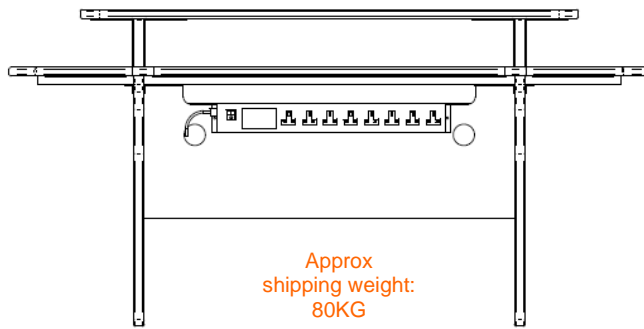

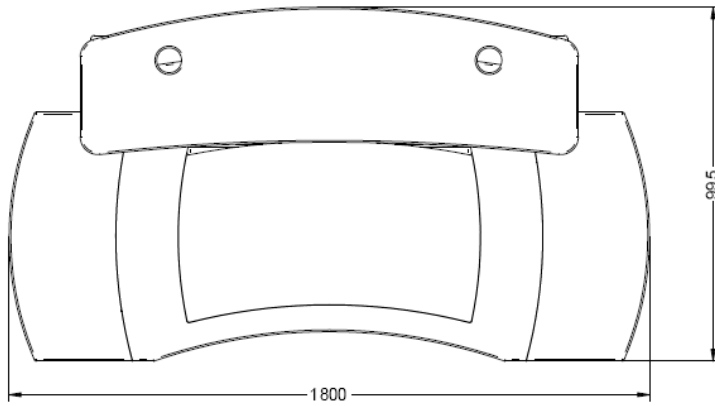

All Evo desks are supplied with power distribution and full cable management facilities and are designed for ease of assembly and low shipping cost.

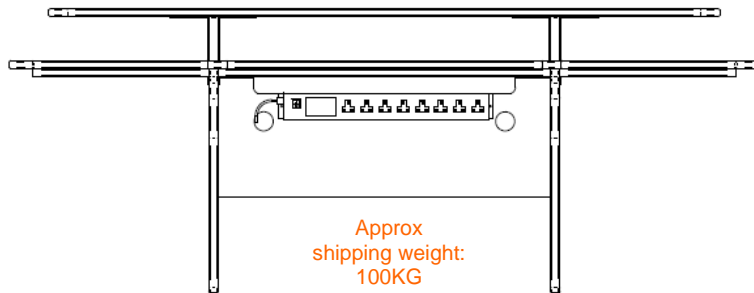

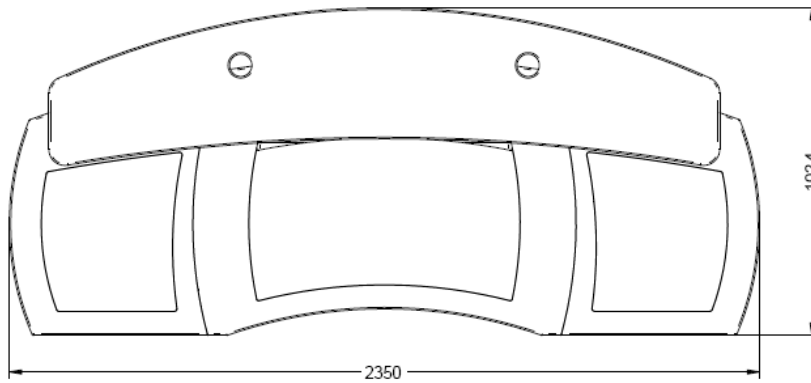

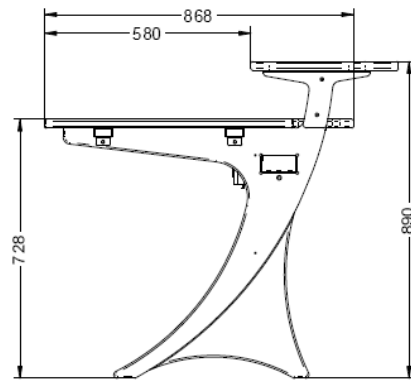

The MRO range of 19" rack cabinets can be supplied to match Evo desk finishes
